FIG. 2

This diagram illustrates a mechanical assembly in cross-section. A central shaft (43) passes through a housing (52) and a valve (54). A curved pipe (72a) is connected to the top, and another pipe (72b) is connected to the bottom. Various seals, gaskets, and structural components are labeled with numbers 20, 22, 40, 42, 44, 46, 48, 50, 56, 58, 60, 62, 64, 65, and 78. Arrows indicate the flow of fluid or the movement of parts.
